

Travel Medical Insurance Policy Requirements

URGENT UPDATE: To protect your investment, we recommend you purchase a comprehensive Travel Insurance Policy called "Classic Plan with Cancel Anytime" through our partner, Allianz, that provides up to 80% coverage of your non-refundable costs for your trip.

Up in the Air Life requires all clients to have a travel medical insurance policy to ensure you have proper emergency medical coverage while on a trip. Please note that a US insurance policy cannot be accepted as they do not cover #3 below. Therefore a travel medical policy will ensure if you have an accident on the trip we can get you coverage and home. You will need to send your "Proof of Coverage" document from your selected vendor to us 60 days prior to your trip.

Your policy must include the following coverages at a minimum:

1. Emergency medical insurance abroad for a minimum of \$25,000 USD.
2. Emergency medical evacuation for a minimum of \$100,000 USD.
3. Repatriation of your body should you perish.

Looking for more cover in the event you acquire COVID-19 whilst abroad?

This insurance provides you a "Get Outta Jail Free Card" with a private aircraft back to the US if you test positive for COVID-19 and have a COVID-19 symptom.

This insurance is not valid when traveling on a cruise ship (greater than 25 cabins).

We recommend the COVAC 19 MEMBERSHIP POLICY with NO ADDITIONAL SECURITY UPGRADE. Select the days you need to cover either 15/30 days for your trip. You do not need the Medical Membership with an Allianz policy.

If you do not have this insurance you would be required to quarantine in the destination for 10 days.
